#### **Management Commentary**

Ted Goldthorpe, Chief Executive Officer and President of LRFC, said, "In the third quarter, we made solid progress in repositioning the investment portfolio, improving the Company's capital structure and maintaining our focus on operating expenses. Originations and repayments were active during the quarter, and we expect this pace to continue through the end of year. We are pleased with our progress on deleveraging the balance sheet as well as the successful refinancing of a substantial portion of the Company's long-term notes lowering our overall cost of debt. Over time, we believe each of these initiatives will go toward generating value for stockholders."

#### **Selected Financial Highlights**

Total investment income was \$3.4 million for the third quarter of 2021, compared to \$5.0 million for the second quarter of 2021. The decline in interest income was due primarily to lower average outstanding debt investments compared to the prior quarter.

Total expenses for the third quarter of 2021 were \$4.9 million, compared to \$5.0 million for the second quarter of 2021. Interest and financing fees decreased by \$0.4 million, management fees decreased by \$0.2 million and other general and administrative costs increased by \$0.5 million compared to the prior quarter. The decrease in expenses quarter-to-quarter was driven primarily by lower financing costs and lower management fees as a result of a smaller portfolio, partially offset by higher administrative expenses driven primarily by \$0.4 million of one-time accelerated expenses during the third quarter.

Net realized gains totaled \$7.4 million, or \$2.74 per share, for the third quarter of 2021, compared to net realized gains of \$6.9 million, or \$2.26 per share, for the second quarter of 2021.

Net change in unrealized depreciation totaled \$9.4 million, or \$(3.47) per share, for the third quarter of 2021, compared to net change in unrealized depreciation of \$13.7 million, or \$(5.06) per share, for the second quarter of 2021.

The net decrease in assets resulting from operations was \$3.5 million, or \$(1.29) per share, for the third quarter of 2021, compared to a net decrease of \$7.6 million, or \$(2.79) per share, for the second quarter of 2021.

As of September 30, 2021, total borrowings outstanding were \$124.9 million. This balance was comprised of \$72.8 million of 6.0% fixed-rate notes due 2022 and \$52.1 million of 5.75% fixed-rate convertible notes due 2022. There were no outstanding draws on the KeyBank credit facility.

Subsequent to quarter-end, the Company announced the receipt of a "BBB-" investment grade credit rating from Egan-Jones Rating Company and issued \$50 million in aggregate principal amount of 5.25% Senior Unsecured Notes due 2026 in a private placement transaction on October 29, 2021. On November 1, 2021, the Company notified the trustee for the Company's 6.0% fixed-rate notes due 2022 of its election to redeem \$50 million aggregate principal amount outstanding of these notes. The Company expects the redemption to be completed on December 6, 2021. Following this redemption, \$22.8 million aggregate principal amount of the 6.0% fixed-rate notes due 2022 will remain outstanding
